

38mm Alloy Mild Steel Seamless Pipe Api 5l X65 For Oil Gas Industry A106 Astm A269 316l

Basic Information

Product Specification

Name: Precision Seamless Steel Pipe

Material: Carbon Steel

• Standard: ASTM, DIN, GB, JIS, BS, Etc

Outer Diameter: 15mm-1626mmWall Thickness: 2mm-30mm

• Length: 6m-12m Or As Requested

• Section Shape: Round, Square, Or Other Special Shape

• Technique: Cold Drawn

Highlight: 38mm seamless steel pipe,

a106 seamless steel pipe, mild steel seamless pipe

Product Description

ASTM Standard Seamless Steel Pipe for Oil & Gas Industry

Seamless steel pipe is perforated by the whole round steel, no weld on the surface of the steel pipe, called seamless steel pipe. According to the production method, seamless steel pipe can be divided into hot rolled seamless steel pipe, cold rolled seamless steel pipe, cold drawn seamless steel pipe, extrusion seamless steel pipe, pipe jacking, etc. According to the shape of section, seamless steel pipe is divided into circular and special-shaped, special-shaped pipe has square, oval, triangle, hexagonal, melon seed shape, star shape, a variety of complex shape with fin tube. The maximum diameter is 900mm and the minimum diameter is 4mm. According to different uses, there are thick wall seamless steel pipe and thin wall seamless steel pipe.

End	Common round end, beveled.
Processing	Galvanizing; cutting; making thread outside the pipe; Machining.

Application

- 1) Pipes for pipelines, water, gas pipes
- 2) For chemical engineering, electricity and other projects.
- 3) Building structure tube
- 4) Tubing, casing and oil and gas pipelines, structural tubes, slurry, brine pipelines and other

FAQ

Q1. Are you a manufacturer or trader?

We are a manufacturer, and we can have our own factory produced many steel products.

Q2. Whether your company supports Trade Assurance order?

Yes, we can (100% product quality protection; 100% on-time shipment protection; 100% payment protection)

Q3. Can we get the some samples? Any charges?

Yes, you can get available samples in our stock. If the samples from new production, we will charge some reasonable cost, but this amount will be deducted from your first order.

Q4. How do we build up business relations with your company?

Send us your requirement which includes size, coating info, parameters, quantity, destination .

Q5. What is the MOQ?

We can accept small orders. Please feel free to contact us, we can meet your requirements.

Q6. What's your advantage?

With high-quality products and efficient customer service, we adhere to the principle of customer first.

Q7. How long is your delivery time?

Delivered within 15 days after receipt of deposit.
